RE: September 14, 2016 Clambake Ticket Sales

Dear Members,

As the Syracuse Builders Exchange ("SBE") prepares to host our annual clambake at Hinerwadel's, I wanted to share with members an important change in the time frame members will be permitted to purchase tickets.

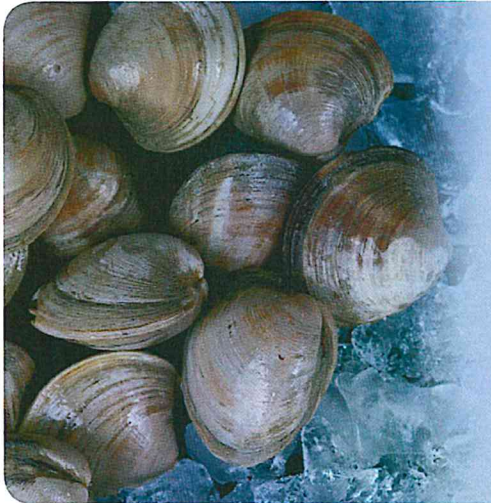

Hinerwadel's is enforcing provisions within our agreement which require SBE to provide Hinerwadel's an accurate attendance count 7 days prior to the event. As a result, SBE will no longer sell tickets after Wednesday, September 7, 2016 for the September 14, 2016 clambake. Should SBE "sell-out" the event prior to September 7, 2016, no tickets will be sold once ticket capacity has been achieved.

I cannot stress enough the importance of purchasing tickets well in advance of September 7th as no tickets will be sold after 5:00 PM September 7, 2016, or in the event SBE reaches our ticket selling capacity – which ever should occur first.

On behalf of the SBE employees and our Board of Directors, thank you for the continued tremendous support our members have shown over the decades for this popular event.

kindest regards,

Earl R. Hall
Executive Director
